

Info sheet positive testing for Linz and Linz-Land

You receive this information in the event of a positive test, for guidance on further procedures and possible treatment sites.

(Zutreffende Infektion bitte ankreuzen.)

O GONORRHEA (TRIPPER)

In this case the health book (Gesundheitsbuch) will be withdrawn from you for the time being and you cannot work in sexual services / prostitution at the moment. After the condition has been treated and cured, you can have a re-examination and get your health book (Gesundheitsbuch) again. If the test is positive, you can contact the offices named on the second page.

O SYPHILIS (LUES)

In this case, the health book will be withdrawn from you for the time being and you can currently not work in sexual services / prostitution. After the disease has been treated and cured, you will be re-examined and tested, and receive your health book (Gesundheitsbuch) again, if the testing turns out negative. If so, you can start to work legally again in sexual services/prostitution.

If the test for Syphilis is positive, you can contact the offices named on the second page for the treatment you need.

O HIV

In this case, your health book (Gesundheitsbuch) will be withdrawn and you will never again be allowed to work in sexual services / prostitution in Austria.

It is recommended that you take advantage of additional, comprehensive free advice from the counselling office - AIDSHILFE OÖ (Blütenstrasse 15/2, 4020 Linz; appointments: Tel. 0732 2170). Here you will find all the information you need about the disease and possible treatments. It is also recommended that you take another HIV test to double-check the result. Free HIV tests are provided by AIDSHILFE OÖ. Aidshilfe Oberösterreich can also provide information on further treatment www.aidshilfe-ooe.at.

You will also find Aidshilfe counselling office in other parts of Austria – here you will find the addresses: <https://www.aidshilfen.at/aidshilfen>

O CHLAMYDIENINFEKTION

You will receive your health book (Gesundheitsbuch) and, according to the law, you can continue to work. However, it is strongly recommended to see a doctor, as chlamydial infection is also a communicable sexually transmitted disease and will not be cured without treatment.

Behandlungsstellen:
